visits

The Chan Centre
for the Performing Arts

Thursday morning, April 17th

Following on his request to meet with our students, several members of the Strings and Keyboard Division will perform a brief program of excerpts as part of an informal discussion of acoustics pertaining to the

Chan Shun Concert Hall.

School of Music students are invited to attend.

We especially encourage members of the Strings and Keyboard Divisions to be present.

The time (approx. one hour) will be announced shortly.
