Notes:

- Please confirm availability of spare equipment with Chan staff prior to considering its use.
- Equipment may move between venues ONLY with prior approval of Chan staff.
- The Chan Centre has 1000w Narrow Par 64 bulbs in stock. Numbers are limited.

- Source 4 is an incandescent focusable lamp with shutters, and is able to project gobos.
- ColorSource 4 is a RGB-Lime LED profile lamp with shutters, and is able to project gobos.
- Quad Zoom is a RGB-White LED wash unit, with remote zoom and strobing capabilities.
- 7" Fresnel is a soft wash lamp that can spot or flood its light. Barndoors can be used to shape the edges.

- The venue has a supply of 20A TLG cable which should meet most typical requirements.
